

Burpres Metal Sanayi A.Ş. has been operating in the Metal Forming and Manufacturing Technologies since 1982. R&D, design and production activities are performed for own Trademarks with quality standards.

About Swiss Type Tools the product portfolio is enriched with original design and R&D activities. The basic parameters of Functionality, durability, velocity and economy is dealt on design of these tools.

Active Utilization of these cutting tools in our company group for 30 years provides us usefull knowledge and experience about machining and tool holders, as well as experiences of R&D and production, which is done since 2008. Our company also designs and manufactures your demands of Standart and Special Tools.

Burpres Metal Sanayi A.Ş. betreibt seit 1982 die Bearbeitung von Metallen und Fertigungstechnik. R&D-, Design- und Produktionsaktivitäten werden mit Schutzmarken und Qualitätsanspruch durchgeführt.

Durch R&D Aktivitäten und originalem Design im Bereich der Swiss Type Tools hat sich das Produktportfolio von Burpres bereichert. Bei der Konstruktion dieser Werkzeuge werden die Funktionalität, Widerstandsfähigkeit, Geschwindigkeit und Ökonomie als Grundparameter angesehen.

Neben den Herstellungserfahrungen und den Erfahrungen von R&D seit 2008, liefert die Nutzung dieser Schneidwerkzeuge seit 30 Jahren in unserer Unternehmengruppe nützliche Kenntnisse und Erfahrungen bei der Bearbeitung und diesen Werkzeugen. Zudem entwirft und stellt unser Unternehmen Standard- und Spezialwerkzeuge entsprechend ihren Ansprüchen her.

Burpres Metal Sanayi A.Ş. 1982 yılından beri Metal Şekillendirme ve Üretim Teknolojileri konusunda faaliyetlerini sürdürmektedir. AR-GE, Tasarım, Üretim faaliyetlerini Tescilli Markaları ve Kalite Standartları ile gerçekleştirmektedir.

Kayar Otomat Takımları (Swiss Type Tools) konusunda özgün tasarım ve AR-GE faaliyeti ile ürün portföyünü zenginleştirmiştir. Bu takım tasarımlarında; işlevsellik, dayanıklılık, hız ve ekonomi temel parametreler olarak ele alınmaktadır.

2008 yılından itibaren Ar-Ge ve üretim tecrübelerinin yanı sıra, bu takımların firmalarımızda 30 yıldır aktif olarak kullanılması, Talaşlı İmalat ve Takım Tutucularla ilgili son derece yararlı ve geniş bir bilgi birikimi ve deneyim sağlamıştır. Firmamız talepleriniz doğrultusunda Standart ve Özel Takım Tutucuları da tasarlayıp üretmektedir.
